PURPOSE AND SCOPE

ICREGA’18 seeks full papers submissions of original work that are relevant to the below themes, addressing all aspects of engineering techniques related to renewable energy and its applications. These themes are broad and inclusive and may assist with directing your submission:

Track 1: Green Technology; Solar, Wind and Electric Vehicles

Track 2: Biofuels and Gasification

Track 3: Bioenergy

Track 4: Nano Environmental Technologies

Track 5: Sustainable Energy Policies

Track 6: Green Economy

Track 7: Energy and Environment

Track 8: Energy Storage towards Sustainable Cities and Buildings

Track 9: Smart and Green Grid Technology

SUBMISSION

Authors are invited to submit papers in pdf format (up to 4 pages, two-column, single spacing) according to the IEEE two-column paper format. The paper template can be downloaded from the conference website. Submitted papers will be peer reviewed and Accepted and presented papers will be published in the Conference Proceedings that will be published in the IEEE Xplore collection. Additionally, **selected good quality papers will be invited for publications in regular or special edition of scientific Journals.**
