

**IEEE 14th International Conference on Innovations in Information Technology
(Virtual Conference)
Nov 17 – 18, 2020. UAE**

IIT'20 will be held as a fully online conference on the same dates 17-18 November and will follow the same publication procedures as before. Authors of accepted papers and posters will have the opportunity to present their work online.

The conference is pleased to announce the availability of funds to defray the cost of conference registration. Authors of accepted papers are encouraged to apply for these grants.

Call For Papers

The International Conference on Innovations in Information Technology (IIT'20), <https://conferences.uaeu.ac.ae/iit20/en/index.shtml>, is a premier forum to present and discuss technology advances and research in the field of Information Technology. IIT'20 is the 14th in a series that started back in 2004. IIT'20 is technically co-sponsored by IEEE. The last 11 cycles of the conference were also technically co-sponsored by IEEE, and the proceedings are indexed in IEEE Xplore. IIT'20 aims to bring together leading educators, innovators and entrepreneurs in IT from around the world. The latest advances in computer science, security and privacy, data science, AI and the internet of things will be explored in the specialized tracks of the IIT'20 conference. Proposals for special sessions are also invited to complement the conference tracks, offering an opportunity for extended form of presentation or interaction than the regular conference program presentations. We look forward to your involvement and participation in this event.

CONFERENCE TRACKS

Internet of Things Track

- IoT Architectures, and Protocols
- IoT Services, Applications, and Systems
- IoT Addressing and Identification Techniques

SUBMISSION

IIT'20 solicits original manuscripts to the tracks listed above, including but not limited to the above mentioned topics. Submitted papers should not have been previously published and should not be currently under review at any other conference or journal. Each submitted manuscript will be peer reviewed, and acceptance will be based on quality, relevance, and originality. Submission will be through the EDAS conference management system <https://edas.info/newPaper.php?c=26772>. The final manuscript should be limited to 6 pages including figures and references. However, up to 2 extra pages in excess of the first 6 are allowed with excess page charges applicable to these two pages (please see the registration page for details). Therefore, manuscript submitted for review can be up to 8 pages long including figures and references. Submission guidelines are available on the conference website <https://conferences.uaeu.ac.ae/iit20/en/index.shtml>. Templates for preparing the manuscript are available here <https://www.ieee.org/conferences/publishing/templates.html>
