

CALL FOR PAPERS**The 12th International Conference on Innovations in Information Technology (Innovations'16)**

28 - 30 November, 2016

Al Ain, UAE

Technical Program Co-Chairs: Ezedin Barka (UAE University) and Hsiao-Hwa Chen (National Cheng Kung University)

The annual international conference, Innovations in Information Technology (Innovations'16), is a premier forum to present and discuss technology advances and research in the field of Information Technology. Innovations'16, to be held in the Oasis city of Al Ain, is the 12th in the series which was started in 2004, <http://www.it-innovations.ae/iit2016/index.html> . Innovations'16 brings together leading innovators in Research & Development and Entrepreneurs in IT from around the world. The latest advances in fields from traditional computer science to evolving information security and data science applications and technologies are explored in the specialized tracks of the Innovations'16 conference. Special sessions will be solicited to run under each track, in addition to direct submission to the main track areas.

We look forward to your involvement and participation in this year event.

CONFERENCE TRACKS

- Track 1: Communication Networks and Information Security
- Track 2: Data Science and Information Systems
- Track 3: Software and Embedded Systems

SUBMISSION

Innovations'16 seeks original manuscripts under the above mentioned tracks (4-6 pages in IEEE two-column format) that has not been previously published or is currently under review by other conferences or journals. All papers will be peer reviewed, and acceptance will be based on quality, relevance and originality. Submission will be through the EDAS conference management system <http://edas.info>. Submission guidelines are available on the conference website <http://www.it-innovations.ae/iit2016/index.html>.

We are also soliciting proposal submissions for special sessions to run under the above main tracks. The owner of a special session will be responsible for soliciting and reviewing papers for his/her special session. Acceptance of papers for these sessions will be subject to the main conference acceptance criteria.

IMPORTANT DATES

Special session proposal submission	15 February 2016
Notifications of special session acceptance	22 February 2016
