

## **Student Academic Success Program**

## **Undergraduate Student Research Conference (USRC) – 2018**

The **Undergraduate Student Research Conference 2018** Organizing Committee is happy to announce that a number of preparation workshops are now available for the conference participants, in order to prepare them for the conference.

The workshops target a number of skills, including: Producing an Academic Research Poster, preparing for an Oral Presentation and help in Delivering Successful Oral Presentations.

Name of Workshop & Description	Days	Dates	Time	Location
Producing an Academic Research Poster:  Research posters are widely used at academic conferences to outline research and information in a brief and attractive way, in order to generate discussion and communicate a research project to a wider academic community.
